Pippa

We enjoyed our stay in Sablet very much. We found Sablet to be an ideal base for exploring the region. There are lovely walks and nice cycling routes nearby and plenty of towns and cities to visit. We liked the character of the house and it's setting in the village. We found it very relaxing and peaceful.

Many Thanks + Best Wishes

We have enjoyed our week in Sables & found this house very comfortable. We particularly enjoyed the views across the valley & vineyards.

Sables is a great place for a base which enables easy access to many interesting places in this region.

We recommend a visit to Gigondas, lunching at L'Oustalot Restaurant followed by some wine tasting & a walk to the church for a wonderful view. The villages of Vaison la Romaine, Segures, Pernes-les-Fontaines, L'Isle-sur-la-Sorgue & Fonsaine de Vaucluse are all worth a visit.

Chateauneuf Du Pape is a must for wine lovers & locally a visit to Le Chariot is definitely worthwhile. Cafe Des Sports is the local hub for either a coffee & drink & the staff offer a warm welcome, all in all a great place. Thank you.

Thank you so much for our lovely holiday in your beautiful house. To arrive in the middle of Sablé's village fete was fantastic - I think we made it up to most of the festivited bands - but didn't join in the hire dancing!!

We've had a lovely week touring all the pretty local villages & spent the hottest day of the year (for us anyway) sunbathing in Avignon. It was Jenni's 20th birthday on Friday & where better to be than the Crocodile farm near Piemelade & then a pizza in the village.

The day bed in the garden has been superb for those little "naps", & thank you for the fan in the main bedroom - it's been hot.

Thank you again & hopefully we'll see you again sometime.
